

## SUBJECT INDEX

## FASTENERS &amp; QUIK DRIVE® SYSTEMS

Nailing Identification .....	17
Nails .....	16-17
Quik Drive .....	18
Screws .....	15

## CONCRETE CONNECTORS

Anchor Bolts .....	20-22
Bearing Plates .....	22
Coupler Nuts .....	19
Foundation Anchors .....	23
Foundation Plates .....	23
Mudsill Anchors .....	24-25
Retrofit Bolts .....	21, 32
Wall Ties .....	19

## ANCHORS

Anchor Systems .....	31-32
Beam Seats .....	30
Holdowns .....	26-27, 35-37
Purlin Anchors .....	28-29
Tension Ties .....	34

## CAPS &amp; BASES

Post/Column Bases .....	39-43
Post/Column Caps .....	44-52

## SOLID SAWN CONNECTORS

Adjustable Hangers .....	70
Face Mount Hangers .....	53-60
Slope/Skewed Connectors .....	68-69
Top Flange Hangers .....	61-67
Variable Pitch Connectors .....	71

ENGINEERED WOOD & STRUCTURAL  
COMPOSITE LUMBER CONNECTORS

Adjustable Hangers .....	113
Face Mount Hangers .....	75-85
General Installation Information .....	73-74
Multiple Seat Hangers .....	93
Sloped/Skewed Connectors .....	109-111
Top Flange Hangers .....	86-108
Variable Pitch Connectors .....	108

## GLULAM BEAM CONNECTORS

Face Mount Hangers .....	115-116
Hinge Connectors .....	116
Top Flange Hangers .....	117-120

## PLATED TRUSS CONNECTORS

Adjustable Hangers .....	125-127
Face Mount Hangers .....	122-125
Multi-Member Hangers .....	128-132
Truss Bearing Enhancers .....	139-141
Truss Bracing .....	136
Truss Clips .....	137-138, 141-142
Truss Girder Hangers .....	133-135
Truss Girder Tiedowns .....	147-149

## STRAPS &amp; TIES

Angles & Clips .....	156-158
Form Ties .....	19
Girder Tiedowns .....	147-148
Hurricane Ties .....	143-146
Strap Ties .....	148-154
Stud Plate Ties .....	159-160

## MASONRY CONNECTORS

Face Mount Hangers .....	162-163
Hurricane Ties .....	164
Heavy Girder Tiedowns .....	165-166
Strap Ties .....	166-167
Top Mount Hangers .....	161
Truss Anchors .....	161

## MISCELLANEOUS

Brick Ties .....	172
Bridging .....	173
Clips & Angles .....	169, 174
Concealed Joist Tie .....	177
Deck Connectors .....	176
Drywall Stops .....	174
Fence Brackets .....	169
ICF Ledger Connector System .....	168
Mending Plates .....	171
Nail Stoppers .....	170
Ridge Rafter Connectors .....	174
Rigid Tie Connectors .....	175
Shelf Brackets .....	167
Staircase Angles .....	171
Stud Shoes .....	170
T&L Strap Ties .....	160
Tie Plates .....	171
Wall Bracing .....	172

## ARCHITECTURAL PRODUCT

GROUP (Ornamental) .....	178-182
--------------------------	---------

HANGER OPTIONS .....	183-189
----------------------	---------

## BETTER BUILDING THROUGH EDUCATION

### Simpson Strong-Tie is committed to training customers on the proper specification, installation and inspection of structural system solutions.

As part of this commitment our regional training centers offer a selection of seminars for engineers, architects, dealers, contractors and inspectors. These dedicated training facilities offer opportunities for classroom instruction as well as chances for hands-on installation of Simpson Strong-Tie® products. Participants can earn professional development hours (PDH) through Simpson Strong-Tie's registration with CSI, SEA, ICC, BIA, AIBO, ACIA and AIBD.

Simpson Strong-Tie is now a provider of IACET CEUs. We offer continuing education units to workshop participants that meet requirements.

*To locate the Simpson Strong-Tie training center nearest you and to obtain a schedule of seminars call (800) 999-5099 or visit [www.strongtie.com](http://www.strongtie.com).*
