KEEP THIS CATALOG – IT IS NOW VALID FOR TWO YEARS

Simpson Strong-Tie will now publish its *Wood Construction Connectors* catalog every two years. In an effort to continue to provide our customers with current information on our ever-expanding product line, we will be publishing an addendum on years we don't print a catalog. The addendum will contain new product information, updated testing information and any other information needed to keep our customers up to date with our product line. As always, please be sure to visit our website regularly for updates that occur throughout the year – www.strongtie.com.
