

APPLICATIONS: EXPOSED-FASTENER METAL ROOFING/SIDING

- Auto-feed system with preassembled neoprene-backed washers
- HG screws available in 22 colors to match roof color (see page 68 for details)
- Increases comfort and productivity
- Recommended for wood framing
- Rubber-coated nosepiece won't scratch painted panels

Quik Drive auto-feed screw driving systems are ideal for metal roofing and siding because the rigid fastener strips provide for hands-free screw advancement and professional-grade attachments provide long-lasting durability.

PROHX14 System

Applications: Metal roofing, metal siding

- Precise depth adjustment prevents over and under driving
- Drives fasteners for steel-to-wood framing
- Long-lasting reliability for targeted applications
- Details, pg 42
