

**APPLICATIONS: TILE ROOFING**

- Recommended for clay and concrete roofing tile
- Drives fasteners that meet state and local building code requirements
- Window in nose allows exact screw placement

Quik Drive auto-feed screw driving systems are ideal for tile roofing because the rigid fastener strips provide hands-free screw advancement and professional-grade attachments provide long-lasting durability.

PRORF System

PRORF

PRO300SRF

**PRORF System**

**Applications: Concrete, and clay tile roofing**

- Secure depth settings prevent tile breakage
- Window in guide tube allows exact screw placement
- Long-lasting reliability for tile roofing applications
- Details, pg 43
