

APPLICATIONS: TRUCK BEDS / TRAILER FLOORING

- Recommended for truck bed and trailer flooring
- Pre-drilling and fastening combined in one operation reduces labor costs
- Increases comfort and productivity

Quik Drive auto-feed screw driving systems are ideal for truck and trailer manufacturing because our attachments are built to perform specialized jobs and the extension enables stand-up-and-drive flatbed fastening.

PROHSD60 System

Applications: Wood-to-steel or aluminum channeling, flatbed trailers, enclosed cargo/utility trailers

- Specifically engineered for trailer construction
- Expanded depth settings for various material thickness
- Broad nose increases stability and protects surfaces
- Details, pg 46

PROHSD75 System

Applications: Wood-to-steel or aluminum channeling, flatbed trailers, enclosed cargo/utility trailers

- Specifically engineered for trailer construction
- Expanded depth settings for various material thickness
- Broad nose increases stability, protects surfaces
- Details, pg 47
