

**APPLICATIONS: NAILERS/LEDGERS ON STEEL**

- Ideal for fastening wood nailers and ledgers-to-steel beams and columns
- Pre-drilling and fastening combined in one operation reduces labor costs
- Increases comfort and productivity

Quik Drive auto-feed screw driving systems are ideal for wood-to-steel fastening because our attachments are built to perform specialized jobs and our self-drilling screws eliminate the need for pre-drilling.

**PROHSD60 System**

**Applications: Wood-to-steel**

- Specifically engineered for fastening wood-to-steel
- Expanded depth settings for various material thickness
- Broad nose increases stability and protects surfaces
- Details, pg 46

**PROHSD75 System**

**Applications: Wood-to-steel**

- Specifically engineered for fastening wood-to-steel
- Expanded depth settings for various material thickness
- Broad nose increases stability and protects surfaces
- Details, pg 47
