

# Composi-Lok™ Screw for Composite Decking

Simpson Strong-Tie® introduces the answer to fastening composite decking: the Composi-Lok Deck Screw.

When fastening composite decking, you want a screw that performs in almost any condition and looks great doing it. The new Quik Drive® Composi-Lok is up to the task, combining ease of installation and reliability with a finished look that will complement any deck.

- “Wings” on the shaft counterbore the hole, creating a channel for excess material and reducing upward pressure on the head of the screw. This prevents the screw from “spinning out” when fastening harder boards in cold or wet conditions.
- The cap style head captures any mushrooming material, keeping it out of sight and ensuring a clean-looking installation.
- The Quik Guard® coating allows the screw to be used with certain preservative-treated wood substrates (See [www.strongtie.com/info](http://www.strongtie.com/info) for recommendations regarding fastener choices in preservative treated lumber).
- Available in gray, tan, red and brown to match a variety of composite decking.

## THE QUIK DRIVE INSTALLATION ADVANTAGE

As part of the Quik Drive line of auto-feed fastening systems, Composi-Lok screws promise labor-saving installation speed as well as consistent performance. When combined with the Quik Drive attachment and a screwdriver motor, they are ideal for high volume applications where maximum efficiency is key. Now you can increase fastening performance and reduce labor costs.

### Specifications:

- #9 diameter
- #2 undersized square drive
- Cap head
- Sharp point
- Curved collation
- Quik Guard® coating (a duplex coating combining an electroplated zinc and chromate substrate with an organic top coat)

### Product Information

Length	Color	Carton Quantity	Model	Length	Color	Carton Quantity	Model
2 1/2"	Gray	500	HCKDCLG212S	3"	Gray	500	HCKDCLG3S
		1,000	DCLG212S			1,000	DCLG3S
	Tan	500	HCKDCLT212S		Tan	500	HCKDCLT3S
		1,000	DCLT212S			1,000	DCLT3S
	Red	500	HCKDCLR212S		Red	500	HCKDCLR3S
		1,000	DCLR212S			1,000	DCLR3S
	Brown	500	HCKDCLB212S		Brown	500	HCKDCLB3S
		1,000	DCLB212S			1,000	DCLB3S

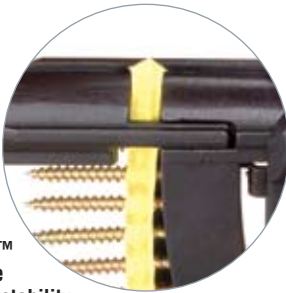

One bit is included in each carton of screws (model BIT2SU)

## RECOMMENDED QUIK DRIVE® ATTACHMENT

# QDPRO300S

Non-skid teeth are reversible and replaceable (shown reversed)

Sure-Grip™ guide tube increases stability for a broad range of screws

### FEATURES:

- Expanded depth settings for high-density materials
- Reversible and replaceable non-skid teeth attachment
- Uniform toenailing and countersink on slick surfaces
- Sure-Grip guide tube increases stability for a broad range of screws
- For use with any Quik Drive G2-equipped screwdriver motor
- Limited lifetime warranty - See the current Quik Drive catalog for details

## RECOMMENDED COMBO SYSTEM

# PROCCS25K

A complete contractor system including:

- QDPRO300S attachment
- QDA158G2 attachment for added versatility
- Extension for stand-up driving
- Quiver for keeping screws at your fingertips
- Tool case
- Choice of Makita® or DeWalt® 2500rpm screwdriver motor (Makita: PROCCSM25K or DeWalt: PROCCSD25K)

DeWalt® is a trademark of DeWalt Industrial Tool, Co.  
Makita® is a trademark of Makita Corporation
